PRINCESS ANGELA LACANLALE

FRONT-END WEB DEVELOPER

CAREER OBJECTIVE

I am an aspiring Web Developer and BSIT student with hands-on experience in building responsive and user-friendly websites. I have worked with HTML, CSS, JavaScript, and basic backend technologies through academic projects and personal work, along with practical experience supporting design tasks in a digital printing company. I am motivated to continuously improve my technical skills and am eager to contribute and grow in a professional or internship setting.

EXPERIENCE

Graphic Designer

June 2020 - July 2023

In-House | Mabalacat City, Pampanga

- Executed 10+ tarpaulins, posters, flyers, and print materials using Adobe Photoshop and Illustrator
- Prepared production-ready layouts with accurate sizing, color consistency, and alignment for high-quality printing
- Collaborated with clients to refine designs based on specifications and feedback, improving client satisfaction
- Maintained consistent design standards across both digital and print outputs

PROJECTS

LML Arts and Sign - Wordpress CMS

- Worked on a WordPress website for a printing and design business
- Customized the layout and design to match the brand
- Organized content, service pages, and photo galleries
- Ensured the site is user-friendly and mobile-responsive

Nails & Lashes Salon Website

- Developed a full-stack salon management system using the MEVN stack (MongoDB, Express, Vue.js, Node.js).
- Built a dynamic service catalog and a secure admin dashboard for real-time content updates.
- Implemented MongoDB to handle data organization and efficient content management.
- Designed a responsive Vue.js UI to ensure a visually engaging and organized user experience.

Cinema Booking System (MEVN Stack)

- Built a cinema booking web app using MongoDB, Express.js, Vue.js, and Node.js
- Allowed users to view movies, select seats, and book tickets online
- Connected the system to a database to store bookings and user details
- Designed a simple and user-friendly interface for smooth navigation
